

## SAFETY DATA SHEET

### 1. Identification of substance/preparation & company

Product name: Ylang-Ylang Essential Oil (*Cananga odorata*)  
Product code: 08-2023  
Producer: JVP Middendorf Ltd., Vit 4 Str, Nikolovo 7057, Bulgaria  
Contact info: 4 Vit Str, Nikolovo 7057, Bulgaria,  
p.middendorf@essences-bulgaria.com  
www.essences-bulgaria.com, +359 887 37 97 78

### 2. Composition / information on ingredients

Definition: Ylang-Ylang Essential Oil (*Cananga odorata*)  
CAS No: -  
Status: 100% pure and natural product without any other additives, obtained after water-steam distillation of *Cananga odorata*  
Additives: none  
IFRA: no restrictions  
Application: Cosmetics, Parfumerie, Aroma-therapy etc.  
INCI name: Cananga Odorata Flower Oil

### 3. Hazards identification

No hazards recognized.

GHS Classification: non-dangerous  
Prevention: none allocated  
Response: none

### 4. First aid measures

Skin contact: Not Hazardous

JVP Middendorf Ltd. 4 Vit Str, Nikolovo 7057, Bulgaria, p.middendorf@essences-bulgaria.com,  
www.essences-bulgaria.com,+359 887 37 97 78

Eye contact: Not Hazardous.

Ingestion: Not Hazardous

Inhalation: Not Hazardous

#### 5. Firefighting measures

Flammable limits: Non-Flammable

Special procedures: none

Unusual fire and explosion hazards: none

#### 6. Accidental release measures

Methods for Cleaning Up: Absorb onto an inert, absorbent substrate and sweep up. Wash area with soap and water to prevent slip/fall hazard.

#### 7. Handling & Storage

Safe handling: no restrictions

Requirements for Storage and Containers: Store in closed containers below 25°C, in well-ventilated dry storage. Ground containers to comply. Reseal in airtight containers and Nitrogen blanket after opening when possible. Do not puncture, drag or slide containers.

#### 8. Exposure control & Personal protection

Respiratory protection:	Apply local ventilation where possible. Not needed under normal conditions of use.
Ventilation:	Ensure good ventilation of the working area
Hand protection:	Use gloves if needed
Eye protection:	Safety glasses may be worn
Work/Hygiene practice:	Normal work and hygiene practices for handling nonhazardous liquid material.

#### 9. Physical and chemical properties

Appearance:	Transparent liquid
Odor:	Typical of Ylang-Ylang
Color:	Clear to pale yellow
Relative density at 20°C:	0.789 – 0.845
pH of product:	4.5 - 7.0
Content of Essential oil, %:	100%
Flash point(°C):	>110 °C
Vapor pressure:	NA
Vapor density:	NA
Solubility in Water:	Insoluble

#### 10. Stability & reactivity

Stability:	Sensitive to microbiological contamination.
Conditions to avoid:	Excessive heat or cold
Materials to avoid:	N/A
Decomposition & Combustion:	Non-combustible.

#### 11. Toxicological information

General toxicity: non toxic

Acute effects: none identified

#### 12. Toxicological information

Biodegradability: readily biodegradable

#### 13. Disposal considerations

Waste disposal methods: Dispose of according to local, state and federal regulations.

#### 14. Transport information

Transportation: Not dangerous. No restrictions.

#### 15. Regulatory information

Not dangerous

#### 16. Additional information

Rev. Date: Version 2.0 08/2023
